4. The Auditor General, on vacating his office, shall not be eligible to hold any other post under the Crown in India.

5. The Auditor General shall be entitled to leave on the conditions laid down in Section 96B of the Act and the rules in force thereunder for other officers in the civil service of the Crown in India, or, if he was not, prior to his appointment, in the service of the Crown in India, on such conditions as may be prescribed at the time of his appointment by the Secretary of State in Council.

8. In the case of a temporary vacancy in the post of Auditor General, or of the absence of an Auditor General from duty, the Governor General in Council shall have power to appoint an officiating Auditor General. The salary of such officer shall be fixed in accordance with the rules in force under Section 96B of the Act regulating the salary of an officiating officer.

DUTIES AND POWERS.

General.

9. Subject to any general or special orders of the Secretary of State in Council, the Auditor General shall be—

- (i) the final audit authority in India ; and
- (ii) responsible for the efficiency of the audit of expenditure in India from the revenues of India.

He shall further be, to the extent authorised by these rules, the administrative head of the Indian Audit Department.

10. The Auditor General shall have authority—

- (i) to inspect, either personally or through any audit officer, any Government office of accounts in India ;
- (ii) to arrange for test audit in any Government office of accounts ;
- (iii) subject to any orders of the Secretary of State in Council prescribing the nature and extent of the audit to be applied to specified classes of expenditure, to frame rules in all matters pertaining to audit, particularly in respect of the method and extent of audit and the raising and pursuance of objections.

Duties and Powers as regards Audit.

11. (a) The Auditor General, without prejudice to his other audit functions, is responsible that audit is conducted with reference to the following canons, namely :—

- (1) Every public officer should exercise the same vigilance in respect of expenditure incurred from Government revenues as a person of ordinary prudence would exercise in respect of the expenditure of his own money.
- (2) Money borrowed on the security of allocated revenues should be expended on those objects only for which, as provided by rules made under the Act, money may be so borrowed. If the money is utilized on works which are not productive, arrangements should be made for the amortisation of the debt.
- (3) No authority should exercise its powers of sanctioning expenditure to pass an order which will be directly or indirectly to its own advantage.

(4) Government revenues should not be utilised for the benefit of a particular person or section of the community unless—

- (i) the amount of expenditure involved is insignificant, or
- (ii) a claim for the amount could be enforced in a court of law, or
- (iii) the expenditure is in pursuance of a recognised policy or custom.

(5) Deleted.

(6) The amount of allowances, such as travelling allowances, granted to meet expenditure of a particular type, should be so regulated that the allowances are not on the whole sources of profit to the recipients.

(b) The Auditor General or any principal auditor should bring to the notice of the Governor General in Council or the Local Government, as the case may be, any breach of one of these canons.

12. The Auditor General shall, if so required by the Governor General in Council—

- (i) arrange for the audit of the accounts of the receipts of revenue of any Government department, the accounts of any public or quasi-public body, or any other accounts, although they may not relate directly to the receipt and expenditure of Government moneys, and
- (ii) arrange for the audit of stores or stock in the possession of an officer or a department of Government, and for the audit of grants of land and alienations of land revenue.

13. If the Auditor General considers it desirable that the whole or any part of the audit applied to Government accounts, or to any other accounts which he is required to audit under Rule 12, shall be conducted in the offices in which these accounts originate, he may require that these accounts, together with all books, papers and writings having relation thereto, shall at all convenient times be made available in those offices for inspection by his audit officers.

14. When an objection taken in the course of audit cannot be adjusted by a principal auditor in consultation with the authorities concerned, the Auditor General may either instruct the principal auditor to withdraw the objection or require the Governor General in Council or the Local Government concerned to obtain the requisite sanction, or, in default, to recover the amount under objection :

Provided that—

- (i) if the objection to any expenditure is based solely on the ground that such expenditure contravenes one of the canons set out in Rule 11 above, the Auditor General or principal auditor

shall withdraw such objection at the request of the Finance Department of the Government concerned if the Finance Department states that the breach of the canon and the action taken thereon by the Government will be reported as soon as possible to the Committee on Public Accounts, or, if no Committee on Public Accounts has jurisdiction in the matter, to the Secretary of State in Council, and

- (ii) if the Governor General in Council or the Local Government, as the case may be, orders in writing that the recovery of the amount under objection shall be forgone, the Auditor General or principal auditor shall withdraw such objection, but may require that the action taken shall be reported as soon as possible to the Committee on Public Accounts, or, if no Committee on Public Accounts has jurisdiction in the matter, to the Secretary of State in Council.

15. (1) The Auditor General shall, on such dates as he may prescribe, obtain from each principal auditor and from any officer of the Indian Audit Department to whom he may entrust this duty, appropriation accounts, in such form as he may prescribe, of the expenditure which came under the audit of such principal auditor or officer of the Indian Audit Department during the past official year, together with a report upon the accounts and upon the results of the audit applied to them. Any officer of Government may be called upon to provide any information necessary for the preparation of such accounts or reports. On receipt of the accounts and reports, the Auditor General shall transmit them to the Governor General in Council or to the Finance Department of the Local Government concerned with such comments as he may think fit.

(2) The Auditor General shall forward to the Secretary of State through the Governor General in Council the several reports dealing with the total expenditure in India in each year with his detailed comments on each report, and may also offer such further comments of a general nature as he may think fit.

16. (1) The Auditor General may on his own motion, and shall on reference being made to him by the Governor General in Council or by a Local Government, review any audit decision of any audit officer, and, if he thinks fit, overrule it.

(2) The Auditor General may condone an omission to make a previous reference to the Secretary of State in Council which was required by any rule or order from time to time in force, prescribing the cases in which the previous sanction of the Secretary of State in Council to expenditure is to be obtained, in cases where, when the question comes before him in audit, the failure to obtain the previous sanction of the Secretary of State in Council has involved, in his opinion, a breach of the letter rather than the spirit of the rule or order.

17. The Auditor General shall have power to require that any books, papers or writings relating to the accounts audited by the Audit Department shall be sent for inspection by him or by any other officer of the Indian Audit Department : provided that—

- (i) if the Governor General in Council or the Local Government, as the case may be, certifies that the documents in question are secret, the Auditor General or other officer, as the case may be, shall accept, in lieu of such documents and as a correct account of the facts stated therein, a statement certified by the Governor General in Council or the Local Government ; and
- (ii) if the documents are confidential, the officer to whom they are made over shall be responsible for preventing disclosure of their contents.

Duties and Powers as regards Accounts.

18. The Auditor General shall compile the Finance and Revenue Accounts of India in such form as may from time to time be prescribed by the Secretary of State in Council and shall send them to the Governor General in Council for transmission to the Secretary of State in Council. He may call upon any Government officer to furnish any information in such form as may be required for the completion of these accounts.

19. The Auditor General shall have power to prescribe the forms in which accounts shall be kept in audit offices : provided that no change which will affect the form of the Finance and Revenue Accounts shall be made without the previous sanction of the Secretary of State in Council.

Minor changes of detail, such as the opening of new minor heads, alterations affecting minor or detailed heads, and the like, are not changes "affecting the form of the Finance and Revenue Accounts" within the meaning of this rule.

20. If a doubt or a dispute arises as to the major head under which a particular minor head, or as to the minor head under which a particular detailed head should be included, it shall be decided by the Auditor General.

21. The Auditor General shall prepare in each year a review of the balances in the books maintained by the audit department and shall send it to the Governor General in Council for submission to the Secretary of State in Council.

22. The Auditor General shall have power to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and in which the initial accounts, from which the accounts so rendered are compiled or on which they are based, shall be maintained.

23. The Auditor General shall supply, or shall arrange that officers subordinate to him supply, any information required by the Governor General in Council or by a Local Government which can be derived from the accounts maintained in the offices under his control.

24. The Auditor General shall arrange that such assistance as may be required shall be rendered by the officers of the Indian Audit Department to the Governor General in Council, the Local Governments and other authorities in the preparation of their annual budget estimates.

25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the Central Government is transferred to an authority (hereinafter referred to as the said authority) other than the Auditor General, the duties and powers of the Auditor General, in relation to the accounts of such province or department, shall be governed by the following provisions, namely :—

- (1) The officers and establishments employed upon the maintenance of such accounts shall not be subordinate to the Auditor General, but the Auditor General shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India and shall have power to prescribe the form in which and the time or times at which the accounts shall be submitted to him for audit and for such inclusion ;
- (2) The appropriation accounts referred to in sub-rule (i) of Rule 15 shall be prepared by the said authority in such form as he may, with the concurrence of the Auditor General, determine, and shall be transmitted, by such date as the Auditor General may prescribe, to the officer of the Indian Audit Department to whom the Auditor General has entrusted the duty of reporting thereon. The Auditor General shall thereafter obtain and dispose of the appropriation accounts and of the report thereon of the aforesaid officer of the Indian Audit Department in accordance with the provisions of Rule 15 ;
- (3) The Auditor General shall exercise the powers and perform the duties conferred and imposed upon him by Rule 20 and Rule 21, but shall not be bound by the provisions of Rule 23 or Rule 24.

Powers of Expenditure.

26. The Auditor General shall exercise no powers of incurring expenditure without previous sanction other than such powers as may be delegated to him by the Governor General in Council.

27. The Governor General in Council shall arrange that sanctions to expenditure accorded by the Auditor General shall be audited by some officer unconnected with the audit department in India.

Administrative Powers over the Indian Audit Department.

28. The Auditor General may—

- (i) in the case of officers of the Indian Audit Department below the rank of Deputy Auditor-General, transfer, censure, suspend or degrade any such officer, withhold from him any increment or increments of pay, recover from his pay the whole or part of any pecuniary loss caused by him to Government by negligence or breach of orders, promote him to any grade or post in the Indian Audit Department below the rank of Deputy Auditor General or declare him to be permanently unfit for promotion, grant him any leave that may be admissible under rule, and exercise the powers of a Local Government under the Government Servants' Conduct Rules.
- (ii) in the case of officers of the Indian Audit Department of any grade lower than Class I, delegate to any officer of the Indian Audit Department the power of granting any leave that may be admissible under rule.

29. The Auditor General may sanction the grant to any officer of the Indian Audit Department of such pension as is admissible under Section 96B of the Act and the rules in force thereunder.

30. The Auditor General may dismiss from service any officer of the Indian Audit Department other than an officer appointed thereto by the Secretary of State in Council or the Governor General in Council.

31. Nothing in this Part shall be deemed to affect any right of appeal which any officer of the Indian Audit Department may possess under the Act or rules made thereunder or under any general or special orders of the Secretary of State in Council or the Governor General in Council.

REPEAL.

32. The Rules made by the Secretary of State in Council under Section 96D of the Act on January 4, 1921, as subsequently amended, are hereby repealed.

APPENDIX 4.

[See Art. 25.]

Rules for the Training of Junior Officers and for Departmental Examinations.

I.—*Rules for the training of Probationers in the General List of the Indian Audit and Accounts Service.*

(1) All Probationers will, within the first six months of their appointment, spend not less than six weeks at a Treasury in order to see the initial stages of the building up of the accounts. This period will extend over the compilation of two monthly sets of accounts, the second set being prepared by the Probationers themselves and checked by the Treasury staff.

(2) No Probationer will be allowed to appear at the Lower Departmental Examination until he has completed the training at the Treasury.

(3) On passing the Lower Departmental Examination, Probationers will be allowed, as far as is compatible with the interests of the service, to choose whether they will be further trained in Railway Accounts or in the ordinary line. Should he consider it necessary, however, in the interest of the department, the Auditor General may decide for which branch any Probationer is to be trained. Those electing for training in Railway Accounts will put in a considerable period at a station, an Executive Engineer's office, a workshop and a store yard and an equal period in a Railway Audit office. The others will put in two or more months in a Sub-Divisional and a Divisional office of the Public Works Department and a longer time in a Civil Audit office.

(4) The training in the Audit office will be generally on the lines laid down in the annexed regulations (*vide* section II below), which were published with the Finance Department's Resolution No. 3496, dated the 28th December 1876.

(5) No Probationer will be allowed to appear at the Higher Departmental Examination until he has completed the training prescribed in clause (3) above.

(6) Arrangements for the training of Probationers in an outside office will be made by the Head of the Audit office to which the Probationers are attached.

1. When a probationer has to proceed to another station for the purposes of his training, his travelling allowance will be regulated as for journeys on tour, and he may be granted a halting allowance at three-fourths of the rate admissible, up to a maximum period of two months at any particular station.

(7) During the period that Probationers are in an outside office, they will submit diaries regularly to the head of the Audit office to which they are attached, but, while they are in the Audit office itself, it will be left to the head of the office to use his discretion with regard to the nature of the control which he exercises over the Probationers' work.

(7) The necessary duration of the course of training must vary with the opportunities available and the industry and ability of the officers, and it is therefore not desirable to name any particular period; but on no account should the training be hurried, and the Accountant General must satisfy himself that the junior officer has acquired a competent knowledge of the ordinary duties of the several branches of an Accountant General's office; * * *

III.—*Rules for the Departmental Examinations of Probationers in the General List of the Indian Audit and Accounts Service.*

[See Art. 25.]

(1) The Lower and Higher Departmental Examinations will be held half-yearly, on the Monday next after the 10th May and the 10th November and following days, in the subjects detailed in schedules A and B appended.

(2) Probationers will be permitted to appear for these examinations in instalments if they notify their intention beforehand and specify the subjects, provided that any practical training that has been prescribed in those subjects has been completed.

(3) Those who obtain 40 per cent. of the marks in each of the subjects and 50 per cent. in the aggregate will be held to have passed the examination. Those who fail in an examination will be held to have passed and be exempted from re-examination in the subjects in which they obtain 60 per cent. of the marks. These marks will be taken into account in reckoning the minimum aggregate at a later examination.

(4) Those who take an examination in instalments will not be held to have passed in the subject or subjects unless they obtain 60 per cent. of the marks in each subject.

(5) An officer recruited in India to the Department will be on probation for two years and until he has passed the Higher Departmental Examination. During the probationary period, he will not be eligible for the first increment until he has passed in Lower Departmental Examination, nor for the second increment until he has passed the Higher Departmental Examination. Probationers will be counted against the sanctioned strength of the office to which they are posted after the end of two years or from the date on which the results of their having passed the Higher Departmental Examination are received in the office to which they are attached, whichever is earlier.

(6) Repeated failure to pass the Departmental Examination within a period of three years (*i.e.*, after the sixth Departmental Examination held after a Probationer has joined the service, provided that the first examination held within six months of the date of a Probationer joining the service is not taken into account) will involve loss of appointment.

(7) The Departmental Examinations will be conducted in accordance with the rules in section V and under the direction of the Auditor General, who will decide upon the marks to be awarded to each examinee.

N. B.—The rules in this section have been modified by the Auditor General's letter No. 542-N.G.E.-628-31, dated 21st April 1931.

[See Art. 49]

(1) The Departmental examination qualifying for appointment to the Subordinate Accounts Service will be held once a year in November for all Civil Audit offices and will be separate for each branch of service. It will be held in the several Civil Audit offices and be conducted, under the rules in Section V of this Appendix, by means of question papers forwarded by the Auditor General or set by the local Accountant General, as the case may be, *vide* paragraph 4 (d) below. The answers will be examined and marked by the Auditor General or local Accountant General according as the papers are set by the former or by the latter.

NOTE.—An officer who has passed the examination for any branch will not, if he appears at the examination for another branch, be required to pass again in the subjects common to the two examinations.

(2) All persons appointed direct to the Subordinate Accounts Service, who have not passed this examination, are required to sit for it under the rules in Article 50.

Graduates with not less than three years' permanent service in a Civil Audit office or as Divisional Accountants, and others with not less than five years' permanent service in a Civil Audit office or as Divisional Accountants, may be allowed to appear at the examination, if they are certified by the Accountant General to be regular in their attendance, energetic, of good moral character and business habits, to give indication of possessing aptitude for the work of a Senior Accountant, and to have a reasonable prospect of passing the examination. Except with the special sanction of the Auditor General, a candidate will not be allowed to appear at more than three examinations, though a fourth attempt may be permitted by the head of the office if the candidate obtained not less than 350 marks at the third examination. Permission to appear at any particular examination will count as one attempt, whether the candidate actually sits for the examination or not, unless he is specially allowed to withdraw his name. Such withdrawal will not be allowed unless the circumstances of the case fully justify it.

NOTE 1.—Non-graduates can count permanent service as accounts clerks in divisional or sub-divisional offices of the Public Works Department, up to a period not exceeding two years, as permanent service as Divisional Accountants for the purposes of this rule.

NOTE 2.—The total service required under this rule to make a person eligible to appear in the Examination may be made up of several periods of service, *viz.*, (1) as a Divisional Accountant, (2) as an accounts clerk (up to a limit of two years) and (3) as a clerk in an Audit office.

NOTE 3.—Service as a temporary Divisional Accountant can also count if the person concerned is, at the time of sitting for the examination, in permanent Government employ.

7. Interest on advances made from the Fund shall run from the dates on which the advances are made in accordance with the decision referred to in Rule 4.

8. The terms once sanctioned by the Government of India, both as regards the amounts, the drawing and the repayment of advances, shall not be altered except with the specific previous sanction of the Government of India.

NOTE 1.—The refusal of a Legislative Council to vote the Funds required for expenditure to meet which an advance has been applied for and sanctioned, will be held to be a sufficient reason for altering the terms sanctioned to the extent necessary.

NOTE 2.—All payments of interest and repayments of principal in respect of advances made from the Fund should be made on the 31st March each year. Normally, and unless the orders state otherwise interest alone would be paid on the 31st March of the year in which the advances are made and equated payments of principal and interest would be made on the 31st March of each succeeding year until the advances are fully repaid.

9. An annual Report on the working of the Fund will be prepared by the Government of India and copies forwarded to the Secretary of State and to the Provincial Governments concerned.

ANNEXURE I.

(G. I. F. D., Resolution No. D 1250-F., dated the 25th March 1925, regarding the introduction of the Provincial Loans Fund.)

The Government of India have had under consideration the question of systematising the arrangements for administering the advances made by the Central to Provincial Governments. After consultation with the latter it has been decided to establish a Central Fund, out of which all advances granted by the Government of India to Provincial Governments will in future be made, and to standardise for all Provinces alike the terms on which advances granted for various purposes will be repaid to the Fund.

2. The Fund shall be constituted as from the 1st April 1925 and shall be called the " Provincial Loans Fund ". Rules governing the administration of this Fund will be promulgated by the Government of India.

3. All outstanding capital liabilities of Provincial Governments to the Government of India will be transferred to the Fund at the time of its constitution and this capital will be increased from time to time as required by further advances from the Government of India.

4. The rate of interest charged by the Government of India on advances to the Fund which represent capital liabilities transferred to it in accordance with paragraph 3, will be the same as the rates at which interest would have been paid to the Government of India by the Provincial Governments but for the constitution of the Fund. The rate charged on further advances to the fund will, however, be determined on the basis of the cost of new borrowings to the Government of India from time to time.

5. If at any time there is a surplus in the capital of the Fund not required or not likely to be required at an early date for the purpose of new advances, the Fund shall be entitled to apply such surplus towards the reduction of advances previously made to it by the Government of India under such conditions as may be determined by the Government of India according to the circumstances of the case.

6. The terms already arranged between the Government of India and the Provinces in regard to any advances sanctioned prior to the constitution of the Fund will not be modified or affected in any way. The Fund will simply take the place of the Government of India as one of the parties to these contracts vis-a-vis the Provinces concerned.

7. The amount and the purpose of every advance which may be made by the Fund to a Provincial Government will be determined, as at present, by the Government of India in the Finance Department, and the Assembly will be asked to vote the necessary supply under the head : " Advances to the Provincial Loans Fund ". The receipts into, and disbursements from, the Fund will be recorded in the public accounts under a distinct head " Provincial Loans Fund ".

8. Advances of less than Rs. 5 lakhs for any scheme or group of works will not normally be made from the Fund, as being excluded by the principle

laid down in Rule 2 (a) of the Local Government (Borrowing) Rules, which requires that the proposed expenditure shall be so large that it cannot reasonably be met from current revenues. The rules governing the grouping of individual works for the purpose of this paragraph shall be the same as the rules which govern the grouping of works in order to determine the authority which is competent to sanction the total expenditure.

The limit of Rs. 5 lakhs, however, will not apply to capital expenditure (a) on productive works or (b) in a commercial department which is working at such a profit as to fulfil the test of productivity imposed by the Secretary of State or (c) on commercial undertakings whose accounts are maintained on a commercial basis.

9. No advances will be made out of the Fund to any Provincial Governments which do not provide annually out of their ordinary revenues sums sufficient to redeem within a period not exceeding 80 years from the date when they were originally borrowed any loans or advances which they may from time to time obtain or have obtained from any source other than the Fund. This condition, however, will not apply to the pre-Reform irrigation debt referred to in paragraph 12.

10. The standard rate of interest charged by the Fund on new advances will be so calculated, after taking into account the repayments due to the Fund on already existing advances, as to maintain the solvency of the Fund.

11. The standard rate of interest will be charged by the Fund to the Provinces on all advances required for capital expenditure which can be classed as productive under the rules on the subject approved by the Secretary of State and for making advances to cultivators and to co-operative societies and loans to local bodies. For all other advances, the rate will be $\frac{1}{4}$ per cent. above the standard rate.

12. All new advances made from the Fund and also all advances outstanding at present other than the debt relating to irrigation works constructed before the Reforms, the liability for which was transferred to Provincial Governments under the Reforms Scheme, will be subject to eventual repayment. It will be for the Government of India in the Finance Department to determine whether in any particular case repayment shall be by equated instalments of principal and interest or otherwise, and whether due instalments may be postponed or other exceptional arrangements made without threatening the solvency of the Fund.

13. The Government of India in the Finance Department will maintain a schedule specifying the term of years appropriate to the repayment of advances required for various purposes and will communicate to all the Provinces any additions to or modifications of that schedule at the time when they are made (See Annexure II below).

14. In the event of its being necessary to write off any part of an advance as irrecoverable, the loss shall not fall on the Fund but shall be made the occasion of a special Demand Grant to be submitted to the Assembly.

15. The Government of India retain full power to refuse or suspend advances to the Fund and to modify the constitution of the Fund in any way, if the financial position of India makes it imperative that this should be done.

16. The existing rights of the Provinces to borrow otherwise than in the form of advances from the Government of India will not be impaired.

ANNEXURE II.

(Schedule specified in paragraph 13 of the Resolution.)

Maximum number of years within which advances from the Fund should be repaid :—

Only actual receipts from the public in cash, or receipts by transfer debit to some department, not classified under Jails and Convict Settlements, may be credited under "Jail Manufactures"; and similarly only cash outlay may be debited. The same rule applies to receipts and charges under Stationery and Printing in the case of jail presses.

It is not permissible to show anything as a receipt under these heads, which is brought in by debit to "Jails" or "Stationery". But if supplies are made by the manufacturing department of the Jails for consumption in them, either the raw material received and paid for should be charged as supplies or, if it has been charged for under "Manufactures," it should be transferred from that head to the sub-head "Supplies."

The instructions do not prevent transfers by debit and credit being made in the administrative accounts of the Jails.

This adjustment is made to ensure the exhibition in the Provincial accounts of the entire outlay on relief, etc., in any year, inclusive of the portion met from the fund. Transfers from the fund for advances to the Provincial Loan Account and for repayment of advances from the Provincial Loans Fund are accounted for through the head "Transfers from Famine Relief Fund" in the *Debt* Section of the account, *vide* notes (231-D) and (231-E).

(80) Includes Refund of gratuity on re-employment and recoveries of actual charges in respect of pensions relating to other Governments.

Recoveries of leave and pensionary charges on account of establishment doing work for other Governments, outside bodies and others are adjusted in accordance with the following rule:—

Where leave and pension contributions are levied separately, the recoveries representing leave contributions should be credited to the receipt head corresponding to the service head to which the pay of the establishment is debited, or, where there is no corresponding receipt head, to the minor head "Collection of payments for services rendered" under the major head "XXXV.—Miscellaneous", while the recoveries representing pensionary contributions should be credited to "XXXIII.—Receipts in aid of Superannuation". In cases in which the combined rates of leave and pension contributions continue to apply, the recoveries should continue to be credited to the head "XXXIII.—Receipts in aid of Superannuation." These rules apply to recoveries of foreign service contributions also, the recoveries representing contribution for leave, where this is levied separately, being credited to the receipt head appertaining to the department which lent the officer to the foreign employer or to the head "XXXV.—Miscellaneous", as the case may be.

Additions to regular establishments the cost of which is recoverable from local funds, etc., should be charged direct to general revenues as a separate section or branch of the establishment to which they are attached. The recovery in respect of the cost of such establishment should be treated as a departmental receipt, unless it can be taken in reduction of expenditure under exception (i) to rule 3 in Appendix 10-A to this Code; while the recovery representing leave and pension contributions should be adjusted in accordance with the procedure set forth above.

Leave and pension contributions of Military Officers in permanent civil employ lent to Foreign Service should be adjusted as indicated above, while contributions of Military officers and others in permanent military employ, including those in temporary civil employ, and contributions for pensions of Indian Soldiers lent for Imperial Service should be credited to the head "Defence Receipts—Effective" or "Defence Receipts—Non-Effective" as the case may be.

(194) The expenditure should be classified under the following sub-heads :—

Other Works.

The following rules regulate the classification of expenditure of Public Works undertaken for purposes of famine relief :—

(a) Public Works undertaken in consequence of the occurrence of famine but not directly for the employment of famine stricken people and not therefore treated as relief works will be classified in the accounts as ordinary Public Works are classified, except that any expenditure in excess of normal rates incurred in consequence of the employment for relief purposes of unskilled and unprofitable labour will be transferred to the head "43-A.—Famine Relief."

(b) Public Works expenditure which is undertaken directly for the relief of famine and controlled and managed under the conditions applicable to famine relief works will be charged to "43-A.—Famine Relief" whether the work is or is not one which would have at some time or other to be undertaken irrespective of famine. If, however, the work on which famine labour is employed is a revenue producing work in respect of which a capital account is kept (whether within or without the Revenue Accounts of the Government), the value of the work done, reckoned at ordinary rates, will be charged to the ordinary head of account, and the excess only debited to "43-A.—Famine Relief."

195) The sub-heads are—

(a) Given in Government Institutions.

(b) Given at the houses of the people.

(c) Given in other ways.

(198) Individual pensions in excess of Rs. 10,000 per annum should be shown under separate sub-heads. All pensions not in excess of this amount should be shown under a single sub-head "Miscellaneous".

(198-A) Any non-recurring payments to persons in receipt of Territorial and Political Pensions, such as those which are sometimes made for marriage, education or funeral expenses and the like, should be classified under this minor head.

[NOTE.—Only pensions granted to non-officials whose services, descent or connections are such that it is on general grounds of policy desirable that Government should extend to them some measure of assistance or recognition should be classed as "Political" pensions. All other pensions which were treated as "Political" prior to 1921-22 should, from and after that date be debited to the provincial head "45—Superannuation allowances and pensions" under the minor head "Pensions for distinguished or meritorious services."]

(219-B) The same Minor heads as those prescribed under the head "41.—Civil Works", with the exception of Repairs' and 'grants-in-aid', should be opened under this head. (See also Note 2 on page 38 of this appendix).

(219-C) All payments on account of Commutation of pensions, whether in England or in India, including payments made to other Governments, are brought to account in the first instance under the Head "60-B.—Payments of commuted value of pensions—Commuted value of pensions" in the books of the Central or the Provincial Government, as the case may be, and at the end of the year such portion of the expenditure recorded under that head as the Local Government or the Government of India, as the case may be, may decide to charge against current revenues is transferred to the Capital major head "45-A.—Commutation of pensions financed from ordinary revenues" under Section "JJ.—Miscellaneous—Capital expenditure charged to Revenue". The net amount debited to the capital major head "60-B.—Payments of commuted value of pensions", after deducting therefrom the recoveries, if any, from other Governments, if repaid from revenue by a system of equated payments spread over 15 years, which include interest on the capital invested. The equated payments in respect of each year's commutation commence from the following year, and the rate of interest that is adopted is, in the case of the Central Government, the Government of India's borrowing rate, which is the rate charged on advances made to the Provincial Loans Fund; and, in the case of a Local Government, that which it may decide to fix with due regard to the principle that the interest portion of the equated payments should approximate closely to the actual interest charges paid on any sums borrowed for this purpose.

Where pensionary charges between two Governments are settled annually on the basis of commuted values by payment of the net amount due by one Government to the other, the net amount so paid or recovered is brought to account under the minor head "Commuted value of pensions" or the head "*Deduct—* Amount recovered from other Governments", as the case may be.

The total equated payments in respect of each year's commutation are debited to the head "45.—Superannuation allowances and pensions—Equated payments of commuted value of pensions charged to Capital, etc.", by credit to (a) the Capital head "60-B.—Payments of commuted value of pensions—*Deduct* capital portion of equated payments out of revenue" for the capital portion of the payments, and (b) "19.—Interest on ordinary Debt—*Deduct* Interest portion of equated payments on account of commuted value of pensions" for the interest portion of the payments.

All capital charges on account of commutation of pensions chargeable to the Central Government excepting those pertaining to the Railway and Military Departments are brought to account finally on the books of the Accountant General, Central Revenues. The adjustments on account of commutations of Military and Railway pensions are made under the head "60-B.—Payments of commuted value of pensions" on the Military and Railway books respectively and equated payments in respect of these commutations are debited to the Departmental major head concerned. The High Commissioner for India in passing the payments to India through the London Account Current furnishes the necessary information as to the head to which the pensions are charged in each case.

(237-A). As a result of the recommendations of the Indian Road Development Committee, both the excise and import duties on motor spirit were raised with effect from the 28th February 1929, the additional revenue being earmarked for credit to the "Road Development Fund" from which grants are made to Provincial Governments and other bodies for expenditure on special schemes of road development approved by the Government of India. The entire proceeds of the additional duties are first credited to the head "I—Customs", but at the end of each year an equivalent amount, after retaining a certain portion as the share of the Civil Aviation Department, in respect of petrol consumed for Aviation purposes, is transferred as a block grant to the Road Development Fund by debit to the head "41—Civil Works—Appropriation to Road Development Fund". Grants made out of this Fund to Provincial Governments and others are charged to the Fund. The charges of the Road Engineer with the Government of India and his staff, which are met out of the 10 per cent. reserve retained by the Government of India in the Road Development Account, are brought to account in the first instance under "41—Civil Works—Central", the debit under that head being set off by an equivalent amount transferred from the deposit head "Road Development Fund" so that the net charge under "41—Civil Works" will be *nil*. The credit under "41—Civil Works" is shown under a distinct sub-head "Deduct—Amount met from the Road Development Fund".

The subventions made from the Central Road Development Fund to Provincial Governments and Centrally administered areas for expenditure on road development are credited to the head "Subventions from Central Road Development Account" in the accounts of the Province or of the Central area concerned. This head is debited with the expenditure on approved schemes of road development. The actual expenditure incurred from time to time is charged in the Provincial accounts to the head "41—Civil Works" or other appropriate head of account under a separate sub-division of the minor head "Communications", "Grant-in-aid", or other head of account concerned. At the same time, an equivalent amount is transferred month by month to the deposit head "Subventions from Central Road Development account" by credit to "XXX—Civil Works—Transfers from Road Development Account". A similar procedure is also followed in the accounts of Centrally administered areas, with the difference that the transfer to the deposit head "Subventions from Central Road Development Account" is made by credit to "41—Civil Works—Deduct—Amount met from Subventions from Road Development Fund" or other appropriate head of account instead of by credit to "XXX—Civil Works".

NOTE.—The heads marked M are transactions in the Mint account under “ Bronze (and Copper) Coinage Account ”.

The heads marked T are transactions in the Treasury accounts under “ Bronze (and Copper) Coinage Account ”.

The other heads, except the balances, come in by transfer in making up the account at the end of the year.

(a) Cost of copper, tin, zinc, etc., purchased for Bronze coinage is charged to this head.

(b) Credit receipts to this head.

(c) When copper, etc., is thus transferred, the Mint Master should debit “ Loss on Coinage ” by credit to this head.

(d) This transfer should be made monthly by the Mint Master in his monthly account.

(e) The closing balance of copper, etc., in stock being first ascertained, the difference required to produce this as the balance of Account No. 1 should be transferred in closing the account at the end of the year to Account No. 3 on the books of the Accountant General, Central Revenues, and to credit of A. G., C. R. on the Bombay books.

(f) The Mint Master should credit this by debit to “ Mint Remittances ” or to “ Foreign Remittances ”.

(g) The Government is entitled to bring to account each year, as profit realised, only that portion which belongs to the amount of coin issued for circulation that is passed out of Mint and depôts combined.

The sum of the gross profits brought forward from last year, and the gross mintage profit of the year, must therefore be distributed as follows :—

Let A be the amount of coin in the Mint and depôts on April 1st ;

B be the new coin added to the joint stock during the year ;

C be the net issues to the treasuries ;

$D = A + B - C$ is the balance in Mint and depôts upon March 31st.

Then, out of the whole sum of the gross profit, $\frac{C}{A+B}$ is the portion to be taken as realised and transferred to Account No. 4.

$\frac{D}{A+B}$ is the portion to be carried forward as balance to next year.

(h) This represents the difference between the nominal value and metal value of uncurrent coins destroyed at the Mints.

(i) This, the final result, is carried to the service head, whether it be on the whole a gain or a loss.

(262) Nickel coinage account is on the Bombay books only and the adjustment follows the rules laid down in the case of Bronze (and Copper) Coinage Account.

(265) When outstandings due to Government are capitalized so as to bear interest, the amount is debited as a loan to the party concerned. The credit is taken to the head of "Capitalized Outstandings" under "Suspense" so as to avoid bringing it under the service head of "Receipts" until it is actually realized.

(266) This head receives the debits on account of purchases of Promissory Notes for Savings Bank depositors, pending adjustment by debit to the Local Account. The sale-proceeds of these securities and the interest realized thereon are credited to the same head

(267-A) This head is intended for the record of transactions connected with temporary investments of cash balances, e.g., in short term loans or other securities of the Government of India. It is debited with the amounts expended on the purchase of the Securities, and on the cancellation of the loans, the nominal value of the cancelled Securities is debited to "Permanent Debt" by *per contra* credit to this head to the extent of the purchase price originally debited to it, the difference being adjusted by addition to or deduction from the amount of interest derived from such investments, which itself is adjusted by reduction of expenditure under "19.—Interest on Ordinary Debt". Similarly, any profit or loss arising out of the sale or transfer of Securities held in the investment account is adjusted by addition to or deduction from the amount of the said interest, the sale-proceeds or transfer value being credited to this head to the extent of the purchase price.

(267-B) When a Sinking Fund is established for the discount on a rupee loan, in order to spread the charge to revenue over the period of the currency of the loan, the full nominal value of the loan is credited to the head "Permanent Debt", and the discount is charged to the head "Discount Sinking Fund". The debit against the latter head is cleared by annual payments out of revenue on a Sinking Fund basis, such payments being charged in the Revenue Account under head '19.—Interest on Ordinary Debt—Discount on Loans'. A separate sub-head may be opened under this Local Ledger Head for each rupee loan for which a Discount Sinking Fund is established.

(269) Recoveries made in course of audit are taken in the first instance to this head and thereafter finally brought to account.

(269-A) This head is intended for the provisional adjustment of departmental receipts and payments which are entered by the treasury in separate schedules. The amounts so adjusted are cleared by *minus* credits and debits afforded through the Departmental Classified Abstracts in which the transactions are finally brought to account. The head is also used for the provisional adjustment of inter-departmental transfers.

(270) This head provides for the case of any department that renders accounts to the Civil Department being allowed to draw money on cheques and account for the money by credit to cheques and debit to service or other heads.

(271) Bills received in remittance or in payment of an account (e.g., of a Foreign State) should be credited to the head concerned by debit to this head and then sent for collection and credit to this head.

(272) Claims against Government which are paid by remittance of Bills of Exchange will first be adjusted by credit to this head, pending the procuring of a bill, of which the cost should be debited to this head.

Form No. 2, the amendment should take the form of a short corrigendum worded so as to show only the particular item or items in which alterations have been made; this corrigendum should be forwarded by the Audit Officer at the earliest possible date to the High Commissioner for India. Every corrected leave-salary certificate, whether original or duplicate, should be marked "Amended Certificate".

24. Whenever the leave of a Government servant absent on leave out of India elsewhere than in Europe, North Africa, America, or the West Indies is extended or commuted by the authority in India which granted the leave, the fact should forthwith be notified by the Audit Officer to the High Commissioner for India to enable him to check the payment by Colonial Treasurers or Staff Officers.

NOTE.—This rule applies to Military Officers subject to the Military Leave Rules.

25. If the leave of a Government servant who draws his leave-salary in India under the provisions of Fundamental Rule 91 is extended or commuted, the Audit Officer who audited his pay at the time he proceeded on leave must, on receiving advice of such extension or commutation, forthwith communicate it to the Audit Officer within whose jurisdiction his leave-salary is drawn. He should also communicate any other circumstances connected with the leave which may be required to be known to the Audit Officer who passes the Government servant's leave-salary.

26. This statement is not required in the case of officers proceeding on furlough under the Staff or ~~Police~~ Leave Rules.

30. When furlough or leave or an extension of furlough or leave is granted to a Military Officer in Civil employ, whether subject to the Civil or the Military Leave Rules, the Civil Audit Officer should intimate to the Audit Officer from whose payment the Officer is transferred to the Civil Department the date of the beginning and end of the furlough or leave, the dates of embarkation and debarkation in the case of furlough out of India, as well as those of being struck-off or of resuming duty.

31. *Deleted.*

32. On the return of an officer from furlough or leave, it will be the duty of the Audit Officer in charge of his record of pension service to satisfy himself that he has returned within his leave; and, if not, to report the case to the authority which sanctioned the leave.

Leave Account.

33. The leave account prescribed in Fundamental Rule 76 should be kept in F. R. (4) When a Government servant returns from leave, columns 4, 5, 6 and 7 will be filled up. The portion of the leave on half or quarter average pay (together with the leave on subsistence grant under the Note to Rule 88) will be entered in column 5 (a), and this period divided by 2 is the entry to be made in column 5 (b).

(5) The maximum prescribed in Fundamental Rule 81 (a) will be applied to the totals of the periods in column 6, while the maximum in Fundamental Rule 81 (b) should be applied to the totals of the periods in column 4.

(6) If a Government servant passes from under the ordinary to the special leave rules a new leave account must be opened.

(7) When a Government servant is transferred for service under another Government a separate account should be opened in this form for showing the leave earned under that Government and the leave the cost of which is debited to that Government. This account will be in addition to the main leave account, which must be a complete record of all leave earned and taken under these rules throughout his service.

Instruction for filling up Form No. F. R. 9-A.

1. The Account is to be maintained in terms of leave on average pay. For this purpose, actual periods of leave taken on half or quarter average pay as entered in column 13 should be divided by 2 and posted in column 14.

2. In the case of officers who were subject to the Civil Service Regulations leave rules before they elected the Fundamental Rules, the account should commence with an opening entry in columns 4, 5, 6, 7, 8, 11, 13, 14, 15, 16, 17 and 18. The words "Due on (date of coming under the Fundamental Rules)" should be written across columns 1, 2 and 3 and against these words credit under Rule 77 (b) (ii) (1) should be given in column 4 and column 6 and that under Rule 77 (b) (ii) (2) and Rule 77 (e) in column 5 and column 7, while debit for commuted furlough taken under the old leave rules should be given in column 11 and that under Rule 78, Note (2) (i) (a), in column 13, one half of the latter being entered in column 14. The sum total of the entries in columns 6 and 7 and in columns 11 and 14 should be entered in columns 8 and 15 respectively. The difference between the entries in columns 8 and 15 should be entered in column 18 and the entry in column 4 or 6 should be repeated in column 16, while the entry in column 5 or 7 *minus* the sum total of the entries in columns 11 and 14 should be shown in column 17.

3. When a Government servant applies for leave, columns 1 to 8 should be filled up. Columns 1, 2 and 3 should show the Government served under and the period of duty up to the date preceding that on which the Government servant intends to go on leave, and columns 4 and 5 should each show 1/11th of this period, (but see Note 2 below), the sum total of the two entries representing the period of leave (*i.e.*, 2/11ths of duty) earned under Rule 77 (b) (ii) (3). To the new entry in column 4 should be added the last entry in column 16 and the resultant figure should be posted in column 6; similarly to the new entry in column 5 should be added the last entry in column 17 and the resultant figure should be posted in column 7. The total of the entries in columns 6 and 7 will be shown in Column 8.

NOTE 1.—If during the period of duty prior to a Government servant's going on leave he has served under two or more Governments, the period of duty and the leave earned under each Government should be shown in separate lines in columns 1 to 5 and the sum total of the new entries in column 4 and the last entry in column 16 should be posted in column 6 and of those in column 5 and the last entry in column 17 in column 7, the total of the entries in columns 6 and 7 being shown in column 8.

NOTE 2.—The sum total of the entries in column 5, inclusive of the opening entry mentioned in instruction No. 2 should not exceed $2\frac{1}{2}$ years [Rule 81 (a) (ii)], and no entry should be made in this column when this limit of $2\frac{1}{2}$ years is reached.

When columns 1 to 8 have been posted, column 8 will show the *maximum* amount of leave which may be granted *in terms of leave on average pay* [but see Rule 81 (d)] to a Government servant on the date on which he intends to go on leave. The *maximum* amount of leave *on average pay* which may be granted on that date with medical certificate or out of India and Ceylon will be the sum total of the last entry in column 6, and the unspent balance of "one year" limited to 8 months at a time, provided this sum total is covered by the period entered in column 8; in the case of leave in India or Ceylon

without medical certificate, the maximum will be the last entry in column 6, limited to 4 months at a time. The limits of 8 and 4 months may be exceeded as provided in the note to Fundamental Rule 81 (b).

4. When a Government servant returns from leave, columns 9 to 18 should be filled up. The period of leave taken on average pay should be entered in columns 9, 10 and 11, that taken on medical certificate or spent elsewhere than in India or Ceylon should be entered in column 11 till the limit of one year is reached and thereafter in column 10. The actual periods of leave on half or quarter average pay (together with leave on subsistence grant under the Note to Fundamental Rule 88) and overstay of leave (*vide* Fundamental Rule 73) should be entered in column 13 and one half of it in column 14.

NOTE 1.—Leave on average pay taken under the Fundamental Rules in India without medical certificate in excess of the last entry in column 6 before the deletion of "plus 1 year" from Rule 81 (b) (ii) should be entered in column 11.

NOTE 2.—If the leave taken on half average pay exceeds the amount at credit on half average pay, the excess should be entered in column 13 and one half of it in column 14.

Memorandum explaining how the existing orders in the several articles in the Civil Service Regulations have been dealt with in the instructions issued by the Auditor General under Fundamental Rule 74.

1. *Paragraph 1.*—This includes the provisions contained at present in clauses (a) and (d) of Article 841 of the Civil Service Regulations. Under the existing system of audit it is necessary that the Audit Officer should certify the admissibility of the leave before it is sanctioned. The provision has, therefore, been retained as an instruction of the Auditor General.

2. *Paragraph 2.*—This order is not based on any rule at present included in the Civil Account Code or the Civil Service Regulations. A similar rule is, however, included in some departmental codes (*e.g.*, paragraph 109, Public Works Department Code), and is followed in practice in all civil offices. Only leave which is admissible can be sanctioned and the admissibility of the leave can be verified only by a reference to the leave account. It is considered that an explicit rule to this effect should be contained in the authorised instructions.

3. *Paragraph 3.*—This provides for the orders in the note under Rule 1 below clause (i) of Article 314, Civil Service Regulations.

4. *Paragraph 4, clause (a).*—The provision in this clause is intended to replace the orders contained in Articles 855-A and 856, Civil Service Regulations. The orders as they stand are very complicated and prescribe different sets of procedure for different kinds of officers. It would be sufficient if all the applications are required to be sent to the Civil Audit Officer who will, when necessary, consult the Military Audit Officers. Clause (b) provides for the orders contained at present in Articles 856 (c), 860, the Note under 871 and 875. As the Civil Audit Officer has to consult the Military Controller he can obtain the certificate at the same time.

5. *Paragraph 5.*—This reproduces the portion of the orders in Article 780 Civil Service Regulations, which is essential for purposes of audit.

6. *Paragraph 6.*—Article 865 prescribes the locality in which the leave-salary of a non-gazetted Government servant should be drawn and the conditions which should be observed before it can be paid. Orders regarding locality cannot be issued as part of audit requirements and so paragraph 6 only prescribes the other conditions contained in Article 865. The general orders framed by the Governor General in Council under rule 16 of the Devolution Rules include a provision to the effect that the leave-salary of a non-gazetted Government servant paid in India should be drawn only in that district in which his pay could be drawn if he were on duty.

7. *Paragraph 7.*—This reproduces that portion of the orders in Article 874 which relates to payment of leave-salary in India. The term "office of payment" has been substituted for "treasury" so that the rule may be applied even in the case of those departments which make their own payments, *e.g.*, by cheques.

8. *Paragraph 8.*—This reproduces the orders in Article 878, except that the provision that a certificate is necessary only when the Government servant proceeds from one place to another has been cancelled because an authority from the Audit Officer specifying the leave-salary permissible is necessary

in all cases. A clause has also been added at the end of this paragraph to the effect that, when the Government servant desires to change the office of payment, a fresh leave-salary certificate must be obtained from the Audit Officer within whose jurisdiction his last pay was drawn. This clause is taken from Article 887. As the instructions apply also to cases of Government servants on leave in India, they have been included in this paragraph.

9. *Paragraph 9.*—This reproduces the orders in Article 864, Civil Service Regulations.

10. *Paragraph 10.*—This provides for the procedure laid down in Fundamental Rule 91, by which Government servants who reside in Asia during their leave have to draw their leave-salary in India. The note under the paragraph is an audit requirement.

11. *Paragraph 11.*—is intended to preserve the special procedure obtaining at present in these departments which is safeguarded by Article 866, Civil Service Regulations.

12. *Paragraph 12.*—A last-pay certificate has to be produced by a Government servant who has to draw arrears of leave-salary or pay due under Article 41, Civil Account Code, Volume I (8th edition).

13. *Paragraph 13.*—This reproduces the orders in Article 775-A, Civil Account Code, Volume II (7th edition).

14. *Paragraph 14.*—This reproduces part of the orders in Article 874 Civil Service Regulations, relating to the issue of a leave-salary certificate to those who desire to draw their leave-salary at the Home treasury, and part of the orders in Article 888, Civil Service Regulations, relating to the issue of a Colonial warrant, with this difference that the Audit Officer who audits the pay of a Government servant is required to issue the Colonial leave-salary warrant in the place of Audit Officers at the ports of embarkation in India or Burma who were formerly issuing the warrants as stated in Article 888, Civil Service Regulations. The issue of a separate leave-salary certificate by the Audit Officer concerned as specified in Article 881 becomes unnecessary, as he will himself issue a Colonial leave-salary warrant. A clause has been added to this rule providing for cases in which a gazetted Government servant may wish to draw his leave-salary in India during the first four months of leave on average pay. In these cases a leave-salary certificate, such as is ordinarily issued to a Government servant, drawing his leave-salary in India, should be issued to cover the period during which the Government servant wishes to draw his leave-salary in India. This rule does not provide for non-gazetted Government servants proceeding on leave out of India, as their cases are covered by paragraph 6 of these Instructions.

15. *Paragraph 15.*—This provides for the orders in Article 880, Civil Service Regulations. The note under the article is taken from Article 775, Civil Account Code, Volume II (7th edition).

16. *Paragraph 16.*—Reproduces part of the orders in Article 881 which are not included in paragraph 14, as well as part of the orders in Article 889. The existing orders require that the Government servant going on leave out of India should be paid up to the day before he leaves India.

These orders apply to the case of Government servants who proceed on leave to which no privilege leave is prefixed. When the Government servant goes on privilege leave or on combined leave, he is allowed to draw his allowances in England from the commencement of such leave. In future it would be simpler to have the leave-salary due from the commencement of the leave paid in England, if the Government servant so chooses, in all cases, subject to the conditions in Fundamental Rule 91. This rule accordingly provides that the Government servant should be paid up to the date of his relief.

17. *Paragraph 17.*—This reproduces the orders in Article 882, except that it is provided that the Government servant should be paid up to the date of his relief and not up to the date of his sailing.

18. *Paragraph 18.*—This is taken from Articles 872 and 873, Civil Service Regulations.

19. *Paragraph 19.*—This is in accordance with Article 904, Civil Service Regulations.

20. *Paragraph 20.*—This reproduces the orders in Article 883, Civil Service Regulations. As, under Fundamental Rule 68, the leave of a Government servant commences on the day on which transfer of charge is effected and does not depend upon the date of departure of the vessel in which the Government servant sails, the report of actual sailing is not required in the case of those to whom the rules in sections I to V of Chapter X of the Fundamental Rules are applicable.

21. *Paragraph 21.*—This provides for the orders in Article 884 and part of Article 889. "The High Commissioner for India" has been substituted for the "Secretary of State" and "India Office" as the former officer is now making payments of leave-salary in England.

22. *Paragraph 22.*—This reproduces the orders in Article 885, Civil Service Regulations.

23. *Paragraph 23.*—This provides for the orders in Article 898 (a), Civil Service Regulations.

24. *Paragraph 24.*—This is taken from the latter part of Article 300, Civil Service Regulations.

25. *Paragraph 25.*—This is a reproduction of the orders in Article 877, Civil Service Regulations.

26. *Paragraph 26.*—This is a part of the orders in Article 889, Civil Service Regulations.

27. *Paragraph 27.*—This is taken from Articles 886 and 890, Civil Service Regulations.

28. *Paragraph 28* is taken from Article 876, Civil Service Regulations.

29. *Paragraphs 29 to 32* are taken from Articles 855, 857 (b) and (c) and 611, Civil Service Regulations.

30. *Paragraph 33.*—This is a necessary record for purposes of reference.

31. *Paragraphs 34 and 35.*—These rules indicate the form in which records of service of non-gazetted Government servants should be maintained and the procedure that should be followed in maintaining them.

F. R. FORM NO. 5-A.

A Government servant who draws his leave-salary from the Home treasury and who desires to subscribe during his leave or any part of it must notify his intention beforehand in order to allow of the deductions from his leave-salary being noted in his leave-salary certificate. Unless an extension of leave is granted, the option thus notified will be final.

in cases where the servant has been permitted to exercise the option of drawing his leave salary from the Secretary of State or the High Commissioner against loss consequent on his dispensing with the production of such proof, or on presentation of a payment form comprising a receipt and a life certificate both duly completed by the Government servant. A supply of life certificate forms may be obtained from the High Commissioner on the Government servant's written application.

NOTE 1.—If the leave salary is drawn by a banker or agent who has executed a general bond of indemnity, a life certificate should be produced at least once a year.

NOTE 2.—If the Government servant intimates to the High Commissioner his election of this method he will be regularly supplied with the requisite payment form as the due date of issue approaches.

14. Payment of leave-salary will not be made by a Colonial authority unless the Government servant produces his copy of the warrant. Each payment made in the Colony will be endorsed upon the warrant. Payment in a Colony.

When no space for the entry of endorsements of payment remains upon the back of a Colonial leave-salary warrant, or when a warrant is lost or destroyed, the Government servant concerned should make an application for a fresh warrant through the Colonial Disbursing Officer to the Audit Officer who issued the original warrant.

15. If the transfer from one Colony to another of payment of the leave-salary of a Government servant is sanctioned by the Colonial authorities, such transfer must be reported by the Government servant to the Governor General in Council and to the High Commissioner. Transfer of payment from one Colony to another.

vice versa.

16. If a Government servant drawing his leave-salary in a Colony desires to transfer payment to the Home Treasury, he can do so on production of his warrant to the High Commissioner. If one drawing his leave-salary from the Home treasury desires to transfer payment to a Colony, he must obtain a warrant from the High Commissioner. A transfer of this kind must be reported by the Government servant to the Governor General in Council.

Extension or
commutation
of leave.

17. A Government servant absent on leave in Europe, North Africa, America or the West Indies, who wishes to have his leave extended or commuted, must apply to the High Commissioner for India about three months before the expiry of his leave, and, unless the extension is desired on medical grounds, or is for a period of not more than 14 days, he must produce with his application evidence that the Government on whose cadre he is borne has been referred to by him and has no objection to the extension or commutation desired. It is in exceptional cases only that the High Commissioner will grant an extension without the production of such evidence and then for such period only as may be necessary to obtain the orders of the Government concerned, which will be sought by telegraph at the applicant's expense.

18. If on medical grounds a Government servant on leave in any of the localities named in paragraph 17 desires an extension for more than 14 days he must satisfy the Medical Board at the India Office of the necessity for the extension. In order to do so, he must, as a general rule, appear at the India Office for examination by the Board, but in special cases, and, particularly, if he is residing at a distance of more than 60 miles from London, a certificate in a form to be obtained from the High Commissioner may be accepted if signed by two medical practitioners. A certificate obtained outside the United Kingdom and signed by foreigners must be attested by consular or other authority as bearing the signature of qualified medical practitioners. If application for extension be delayed until the last two months of leave, advice of any extension granted for a period of more than seven days will be sent to India by telegraph and the cost of the telegram will ordinarily be charged to the Government servant.

19. If a Government servant on leave in any of the localities named in paragraph 17 has been granted leave on medical certificate and desires an extension on grounds other than medical, he must satisfy the Medical Board as prescribed in paragraph 18 above that he has recovered his health. Any such extension without medical certificate will only be admissible if the extension was due at the time the original leave was granted.

In the case of a Commissioned Medical Officer the local Government will make a reference to the Director General, Indian Medical Service, before granting the permission.

20. A Government servant on leave out of India elsewhere than in any of the localities named in paragraph 17 who wishes to have his leave extended or commuted must apply three months before the expiry of the leave to the authority in India which granted it.

21. If an application made under paragraph 20 above is for an extension of leave on medical certificate, it must be accompanied by a certificate from two medical practitioners in the following form :—

"We hereby certify that we have carefully examined C. D. of the
 who is suffering from and we declare upon
 our honour that, according to the best of our judgment and
 belief, he is at present unfit for duty in India, and that it is
 absolutely necessary for the recovery of his health that his
 present leave, which will expire in India on ,
 shall be extended by $\frac{\text{months}}{\text{weeks}}$

Date

Place

The certificate must describe in full detail the nature of the disease and the present condition of the Government servant. If it be signed by foreigners, it must be attested by consular or other authority as bearing the signatures of qualified medical practitioners.

22. An extension of leave will not be granted by the High Commissioner to a Government servant to whom no leave-salary certificate or Colonial leave-salary warrant has been issued, unless he produces a certificate of leave (*vide* paragraph 7 *ante*).

23. Leave out of India on medical certificate may be commuted into leave without medical certificate if such leave was due at the time

or misbehaviour, be transferred substantively to a post carrying less pay than his relative position in the cadre of the service to which he belongs would justify."

25. A Government servant may not, without the permission of the authority which granted him leave, return to duty more than 14 days before the end of long leave. The rule applies to Military Officers subject to the Military Leave Rules. He must obtain permission to return to duty from the local Government. Return from leave.

26. A Government servant, who is required to produce a medical certificate of fitness before returning to duty, must obtain permission to return to duty before so returning.

27. If the Government servant desiring to return is on leave in any of the localities named in paragraph 17, his application must be made to the High Commissioner and he must satisfy the Medical Board at the India Office of his fitness to return at least two months before the expiry of his leave. In order to do so, he must follow the procedure prescribed in paragraph 18 above. When the Medical Board has been satisfied, the High Commissioner will grant permission to return.

28. If the Government servant desiring to return is on leave out of India elsewhere than in the localities named in paragraph 17, his application must be made to the authority which granted his leave and must be accompanied by a certificate of fitness in the prescribed form.

29. Permission to return will not be granted to a Government servant to whom no leave-salary certificate or Colonial leave-salary warrant has been issued, until he produces a certificate of leave.

Last-pay
certificate.

30. Before returning to duty, a Government servant on leave in Europe must obtain a last-pay certificate from the High Commissioner and bring it with him to India and not leave it with his Home Agent, as it will be required for presentation to the Audit Officer, if it is desired to draw on arrival in India the advance which is permissible under paragraph 35. In such an event the English last pay certificate should be with the Government servant, as it facilitates his identification at the Audit Office and the advance has to be recorded on the certificate. A last-pay certificate will not be granted to a Government servant to whom no leave-salary certificate has been issued unless he produces a certificate of leave. A Government servant who has drawn his leave-salary on a warrant must, on return to India, deliver to the Audit Officer, by whom the pay of the post which he will join will be audited, his copy of the warrant which will serve as a last-pay certificate.

Procedure on
return to duty.

31. A gazetted Government servant must report his return to duty to the Government under which he is serving. A Chaplain must report his return to the Bishop of his Diocese also.

32. A Government servant is not entitled on his return from leave to resume, as a matter of course, the particular post he vacated before his departure on leave, even though that post may be his substantive post; he must report his return to duty and await orders.

NOTE.—Members of the Engineer or Upper Subordinate Establishment of the Public Works Department should, on arrival at the port of debarkation, report themselves personally to the Secretary in the Public Works Department of Bengal, Madras, Bombay or Burma as the case may be, and ask for orders. If they return, *via* Karachi, they should apply to the office of the Executive Engineer, Karachi Canals, for orders.

33. A Government servant may return to India by any port and his leave ends on the day preceding that on which the vessel arrives at the port where he last quits it. If, however, the leave from which he returns is of four months' duration or less, his leave ends on the day preceding that on which

he takes charge of his duties, unless he takes charge in the afternoon, when the leave terminates on and includes that day.

34. On return to duty, the last-pay certificate obtained from the High Commissioner should be exchanged for a last-pay certificate which the Audit office of the province to which he has been posted will furnish addressed to the treasury or office at which, after his return, the Government servant intends to draw his pay and allowances.

35. A Government servant returning from leave out of India may be granted an advance of his leave-salary for the unexpired portion of his leave subject to a maximum of 35 days from the date of embarkation for India. On arrival in India an advance may, if he desires it, be paid to a Government servant by or under the order of the Audit office of the province in which the advance is sought to be drawn under Article 159 (b) of the Civil Account Code, Volume I. Advances.

To a Chaplain appointed before the 7th June 1923, who is proceeding on leave to England, an advance of three months' leave-salary may be made, provided that no part of the leave is on average pay. Such an advance is not recoverable in the event of the Chaplain's death.

To a Military Officer subject to the Military Furlough Regulations of 1868 proceeding on furlough (not combined with privilege leave) to England, an advance of furlough pay may, if he desires it, be made for three months "be made in

- (d) Recoveries on account of commuted value of pensions effected from other Governments should be treated as deductions from expenditure ; See footnote (219-C) to Appendix 7.
- (e) All other recoveries should be credited as revenue of the recovering Government, whenever they are received.

5. As between different departments of the same Government, the recoveries should be treated as deduction from the gross expenditure, except such recoveries as are made by a Commercial Department, which should be treated as receipts of that department.

NOTE.—The term “recoveries by a Commercial Department” for the purpose of this rule is intended to apply to recoveries in respect of services rendered to other departments in pursuance of the proper functions for which the Department is constituted ; that is to say, in the case of the Indian Posts and Telegraphs Department, recoveries will be treated as receipts only when they are made in respect of Postal, Telegraph or Telephone services rendered to the other departments. Where, however, a Commercial Department acts as an agent of another department for the discharge of functions not germane to the essential purpose of the Department, the recoveries should be taken in reduction of expenditure.

6. Notwithstanding anything to the contrary that may be provided by or under these rules, receipts and recoveries on Capital Account in so far as they represent recoveries of expenditure previously debited to a capital major head should be taken in reduction of expenditure under the major head concerned, except where, under the rules of allocation applicable to a particular department, such receipts have to be taken to revenue.

7. In case of doubt or dispute, the authority to decide whether any particular recovery is classifiable as revenue or as deduction from expenditure under the above rules rests with the Auditor General.

APPENDIX 11.

[See Art. 299.]

Special instructions for audit of pay bills of establishments on time-scale of pay.

(b) It is not intended that the procedure outlined in the following rules should be followed literally in every minute detail and Accountants General may at their discretion vary the minor details according to circumstances.

1. On the introduction of a time-scale of pay in an establishment, it is of vital importance to scrutinize the calculations of the initial rate of pay and the date of next increment fixed for each Government servant borne on that establishment. On it depends the correctness of the pay to be drawn year after year until the Government servant is stopped at an efficiency bar or reaches the maximum of the time-scale. In such cases the Head of the office should be required to submit to the Audit office a detailed statement showing the calculation of initial pay of each member of the establishment in Form A annexed. Where the initial rates of pay are dependent to any extent on service, they can be checked only with the service books which are with the Head of the office. This work can, therefore, be best done at local inspections, but when such inspections are not possible within a reasonable time after the date of the introduction of the time-scale, the service books should be required to be sent to the Audit office for the purpose of the necessary check. In any case the whole or a large percentage of the initial rates and the date of next increment must be checked.

2. For the purposes of audit, establishments on time-scales of pay fall under two groups, viz.—

- (i) those for which an establishment return (C. A. C. Form 3) is received in the Audit office, and
- (ii) those for which no such return is received in the Audit office.

3. For all establishments for which no annual establishment return is received, the audit will be by numbers only and no amounts at all will be entered in the Audit Register.

(a) When a sanctioned cadre contains its own leave reserve, the number to be entered is the sum of those drawing duty-pay and of those drawing leave-salary.

(b) Where officiating arrangements in leave vacancies are permissible, then it will be necessary to record, separately, the number (i) drawing substantive pay, (ii) on leave, and (iii) drawing officiating pay. When the audit is

not conducted in the provincial audit form, these can be recorded under one another with the letters S, L, O, respectively, against them, thus :—

118	S	6.25
Vr.—	L	2.29
5	O	1.21

The audit check will consist in seeing that S+L and S+O are each within the sanctioned scale. Alternatively Form 86 may be used for the Audit Register.

In the case of establishments referred to in this paragraph, the sums held over or refunded need not be noted in the Audit Register. The record of audit of supplementary claims should be made in the original monthly bill from which the claim was either omitted or in which it was shown as held over.

NOTE.—In provinces where large temporary or non-pensionable establishments are employed from year to year on time-scales of pay for which no annual establishment return is usually received, the Accountant General may at his discretion conduct the audit both against number as well as against permissible expenditure as laid down in rule 4.

4. For all establishments for which an annual establishment return is received the audit will be by numbers as well as against permissible expenditure. As regards the audit by numbers, the instructions in paragraph 3 apply subject to the further instructions in paragraphs 7 and 8. The audit against the permissible expenditure will be conducted in the manner laid down in paragraphs 5 to 13.

5. The first monthly permissible expenditure on the introduction of a time-scale will be worked out on a fly leaf of the Audit Register in Form 88 annexed, which should be compiled from the statement of initial pay, Form A. For this purpose all men on duty temporarily outside the cadre or on leave should be counted as if on duty, the pay of temporary men officiating in permanent vacancies should be added, and for all unfilled vacancies there should be added the minimum pay of the post. Corrections will be made during the course of the year in the fly leaf with respect to the permissible monthly outlay only in regard to permanent factors, such as increments, retirements and deaths and consequent new appointments, and increases and decreases of scale. The fly leaf will contain the names of all the permanent men in the cadre with their present rates of pay, as well as columns for showing current permanent changes in monthly permissible expenditure, the total only being carried to the Audit Register. These permanent changes will relate chiefly to increments, deaths, etc., and two columns, A and B, are provided for the purpose. The columns marked B will contain broken amounts for a current month noted from current bills. The columns marked A will contain the full monthly amounts drawable from the 1st of the month following that in which the event occurs. Thus the expenditure for broken periods of a month will be kept separate from the monthly scale, e.g., for an increment of Rs. 4 falling due on the 16th April, an entry of Rs. 2 will appear in the B column for April, and Rs. 4 in the A column for May. If an event falls due

on the 1st of the month, an entry in column A of the current month alone will be sufficient. In determining the monthly permissible expenditure, only column A will be cumulative—thus for the months of April and May:—

	April		May	
	A	B	A	B
TOTAL	+16	+12	+18	+14
Last month's figures ..	2,579		2,595	
Fresh total ..	2,595		2,613	
Form B ..	12		14	
Monthly expenditure..	2,607		2,627	

The names of the men holding permanent posts will be entered in order of seniority as measured by substantive pay drawn and below these will be shown the posts left vacant.

Besides alterations due to increments, the columns will in the same way show all other permanent alterations due to deaths, retirements, etc., and thus negative alterations will sometimes arise. For this purpose, substantive arrangements made under Rule 13 of the Fundamental Rules in place of officers whose lien has been suspended will be considered as permanent. No corrections will be made in permissible expenditure with regard to leave and officiating arrangements, except that the pay of temporary men officiating in permanent vacancies will be added to the permissible expenditure as stated in the beginning of this paragraph.

The fly leaf for April of each year should be checked with the annual establishment return which should include the names of all men holding temporary posts on the date to which it relates, indicating which of these are officiating in temporary and which in permanent vacancies.

Some clerical labour in preparing the fly leaf may be saved by utilising the duplicate copy of the annual establishment return.

NOTE.—In regard to increments, the permissible expenditure should not be corrected until the increment certificate is received. When that certificate is received after the month in which it falls due, the permissible expenditure previously entered for the month or months affected will require correction.

return returns to duty

6. In the case of large establishments, however, it may be found inconvenient to adopt the fly leaf in Form 68. In such cases, as well as in any other case, the Accountant General may at his discretion adopt the simplified fly leaf in Form 69.

In Form 89 the net *add* or *deduct* entires on account of casualties should be filled up from the pay bill, and the total addition on account of increments from the increment certificate. The auditor should also keep the duplicate copy of the annual establishment return ready for reference in checking increments and making such notes as may be necessary. When a change does not take effect from the first of the month the bill for which is under audit, the amount relating to that month should be posted in column B and the amount for the whole month should be recorded in column A of the following month.

7. In the audit of a bill it will first of all be necessary to check all the items in the bill corresponding to items in the absentee statement, and at this stage the admissibility of the leave-salary and officiating pay of the men involved will come under audit. Ordinarily, with a time-scale, there will be only one officiating arrangement against each vacancy. If an establishment contains its own leave reserve no question of extra cost can arise but there may be savings. If, however, a cadre does not include its own leave reserve, then extra cost and savings will possibly both arise. For instance, any difference between a man's leave-salary and his normal duty-pay will be a saving, while the pay of men officiating in leave vacancies will always be extra cost. The savings and extra cost will be worked out and totalled by the Audit office in special columns in the absentee statement and the totals posted in the audit cage in the course of audit. The auditor will next audit first against the fly leaf in Form 88 (or against the annual establishment return if Form 89 is used) and then in the bill itself all items corresponding to the names entered in the increment certificate, using the blank column in the bill form for noting extra cost and savings. Then the remaining items in the bill against which there is something in the remarks column should be audited and any changes affecting the fly leaf incorporated therein. None of the remaining items in the bill need be checked. The total of the bill will be entered in black in the Audit Register. There will also be entered in red ink any sums held over (H. O.) for future payment. It will be convenient to record a number against the held-over amounts. The gross total of extra cost (E. C.) and savings (S.) will also be entered in the Audit Register in red and black, respectively, from the absentee statement. The number to be entered in the Audit Register will be—

(a) when a cadre does not contain its own leave reserve, the sum of the number of men drawing duty-pay (substantive or officiating);

(b) if it does contain its own leave reserve, then the sum of the number of men drawing duty-pay and of those drawing leave-salary.

This number will be noted in black ink in brackets between the voucher number and the amount. In each case the total amount of the bill will be entered, although in the former case the men on leave are omitted as regards number. It will be necessary to require officers to report in their absentee statement the number of permanent posts left unfilled. The pay for these

posts at the minimum rate should be included in the amount of savings worked out and the number shown in brackets in red ink with S. against it.

NOTE 1.—When the increment claimed operates to carry a Government servant over an efficiency bar it should be supported by a declaration from the authority empowered to allow the increment that it has satisfied itself that the Government servant in question is fit to pass the efficiency bar.

NOTE 2.—To facilitate the audit of leave-salary of non-gazetted Government servants, drawing officers should submit with their establishment pay bills a statement, duly attested by them, showing the calculation by which the amounts drawn in the bills on account of leave-salary have been deduced. An arithmetical check of these statements, in the Audit Office is ordinarily sufficient, reference to previous pay bills or other connected documents being made in doubtful cases only. The rate of leave salary, as shown in the statement, should be noted in the audit register and the leave salary subsequently drawn should be audited with reference to this entry.

8. The audit check will be to see that the total of black numbers does not exceed the sanctioned scale, and that the total of the black amounts (i.e., the total of the bill and savings) *plus* the amount held over, *less* the extra cost which is recorded in red ink, does not exceed the monthly permissible expenditure.

9. It will be noticed from the instructions in paragraph 7 that the amount held over for future payment should be noted in the Audit Register so that subsequent drawals of such amounts may be recorded against these notes. The same procedure will apply to amounts refunded.

10. Once a year, a nominal test check for rate of pay only drawn in one month's bill, selected by the Deputy Accountant General, should be undertaken. Any errors found in this month's bill must be traced through the bills of the year or years concerned.

11. In cases where only one name affecting a particular cadre appears in one bill, *e.g.*, Sub-Assistant Surgeons who draw their pay on separate bills, Inspectors of Excise, etc., the simplest audit amounts practically to a nominal audit and should be conducted in an Audit Register in Form 57.

Alterations of pay and allowances will be shown in column 2 as they arise. Under the audit month the initials of the auditor are sufficient if the payment is a regular one. If it is a broken payment brief notes should be recorded.

12. In the case of large establishment, bills for which are drawn from more than one centre, arrangements should be made to obtain consolidated establishment lists and absentee statements for facility of audit under this scheme.

13. As, under this scheme, the accrual of increments will be audited either against a fly leaf or against the duplicate copy of the annual establishment return, a local check of increments, after the check of initial pay, which is most important, will not be necessary.

When the officer himself ceases to be eligible for the passage concessions, the whole set of accounts of that officer and of his family should be closed after due time has been given for advantage to be taken of the credit permissible under Regulations 7 and 12. Any credit outstanding in the account lapses.

Procedure for engaging passages.—The application for passage or passages should be made by the officer in Form Civil Account Code 2 B. If the officer is having due regard to the balance in the account of the person for whom the passage is claimed and to the provisions of Regulation 8) to the cost of the passages applied for, an authority in Form 91 will be issued to the officer. Form 91 will be printed in two foils, of which one should be kept as an office copy. The forms will be machine-numbered serially for each year and bound in books of convenient size. As these forms furnish authorities for payment, they should be carefully kept under lock and key in charge of the Superintendent, Gazetted Audit Department.

NOTE 1.—Return passages may be applied for and authorised in the manner indicated above except in cases in which an officer is proceeding on leave, at the end of which he is due to return or declare his intention to do so, when he is entitled to single passages only.

NOTE 2.—The Steamship Companies, named below have agreed to grant to passengers travelling under the Passage Concessions free conveyance of personal baggage in accordance with the following scales:—

For each child 1 cwt.

The cwt. being regarded as equivalent to 5 cubic feet.

The allowances mentioned above need not be entered in the Passage Certificate (Form 91) issued to Lee Commission passengers travelling by the steamers of the Companies mentioned at (a), (b), (c), (g) and (h) above so long as the scale of baggage allowance fixed by these Companies for ordinary passengers travelling by their steamers is higher than the above mentioned scale.

NOTE 3.—Officers and their families, when travelling as concession passengers by vessels of the under-mentioned companies in a lower class of accommodation than that appropriate to their status, are allowed the free conveyance of baggage up to twice the Company's ordinary allowance for the class of accommodation in which they travel.

If it is not known, at the time of the receipt of application for concession passages, in what class of accommodation the officer or his family proposes to travel, provision should be made for alternative rates of baggage allowance in Form 91.

(ii) The Anchor Line.

NOTE 4.—In the case of children who are carried at half or quarter fare, for whom no scale of Government allowance of baggage has been laid down, double the Company's allowance for such children will be admissible. No baggage allowance will be admissible to children who are carried free.

4. On receipt of the authority in Form 91, the officer will forward it to the Steamship Company or the Agent through whom he wishes to engage the passage or passages. If the passage is engaged through a Passenger Agent that Agent will send the authority in Form 91 to the Steamship Company or the Agent of that Company, with whom the passage is booked. In respect of all passages, whether booked direct or through an Agent, the Steamship Company or the Agent will then present a bill to the Audit Officer concerned for payment, and will send the authority in Form 91 along with the bill, explaining the difference, if any, between the claim and the authority.

5. *Payments of cost of passages.*—The Steamship Company or the Agent of that Company or the Passenger Agent will present weekly consolidated bills to each Audit Office for payment, showing clearly :—

- (1) The name of the Steamship and also of the Agent, if any, through whom the passage was booked.
- (2) The names of ports between which the passages are engaged (including the journey by land between port and port, if any, covered by the Steamship Company's ticket).
- (3) Class of accommodation.
- (4) Date of sailing.
- (5) Cost of passage, single or return, in sterling for each person separately, viz., for the officer, his wife and each child (with names of wife and children and age and sex of each child).
- (6) Amount in sterling, if any, paid by the officer himself as excess over the amounts authorised in Form 91.
- (7) Balance claimed in sterling.
- (8) Equivalent of (7) above in rupees.
- (9) Rate of exchange adopted.
- (10) Net amount claimed in rupees.

The rate of exchange at which Sterling fares will be converted into rupees will be 1s. 6d. the rupee; provided that, if it should ever be found by actual experience that the market rate of exchange exhibits material fluctuations, the Government of India will be prepared, on request, to consider the advisability of reverting to the system of taking the market rate instead of the fixed rate of exchange of 1s. 6d.

NOTE.—In the few cases in which the fares are quoted by a Steamship Company in rupees without any reference to sterling, only the rupee amounts may be shown in the weekly bills.

pany or the Passenger Agent ~~agent~~ ticket to London including a railway journey from a continental port to London. In case, however, the officer obtains a passage to a continental port and makes his own arrangements for the railway journey from there to London, a certificate in Form 94 will be furnished to the officer, stating the maximum amount admissible for such railway journey under Regulations 8 and 12. Form 94 will be printed in two foils and will be machine-numbered like Form 91, *vide* paragraph 3 above. The certificate in Form 94 will be presented by the officer in support of his claim for the railway journey to the High Commissioner.

8. An application for a passage may be made to the High Commissioner. Such application must be accompanied by a certificate from the Audit Officer concerned in India stating the amount in the Personal Passage Account at credit of each person for whom a passage is to be taken. This certificate will be furnished by the Audit Officer in Form 92 to the Officer, who should ask for it in sufficient time before he wishes to apply to the High Commissioner. On receipt of an application supported by certificate in Form 92, the High Commissioner will be responsible for furnishing the applicant with the necessary passage voucher stating the maximum cost of the passage which may be engaged for each person from General Revenues, for making payments to the Steamship Company or to the Agent of that Company or to the Passenger Agent for the cost of the passage, for intimating the same to the officer concerned and for disposing of and paying the claim, if any, for the railway journey to India. The High Commissioner will send to the Audit Officer concerned in India a statement in respect of every payment made by him constituting a debit against a passage account, a statement of refunds, if any, received by him for credit to passage accounts and also a copy of any intimation received by him from the officer as to the non-utilisation of the passage voucher issued by the High Commissioner or the cancellation of a passage engaged on such passage voucher.

9. All payments made by the High Commissioner in respect of passages or of railway fares will be passed on by him through the Remittance Account to India for final record in the Indian books and also in the Personal Passage Accounts. In the latter the sterling payments only need be recorded as indicated in paragraph 6 above. In the former all payments will be recorded in rupees, the sterling payment being converted at the average rate of exchange mentioned in Article 346 of the Account Code. The consequential gain by

exchange will be taken to the deposit head "Exchange on Remittance Accounts" and will be merged in the net balance under that head which will be dealt with in accordance with Article 317 (ii) of the Account Code.

NOTE.—The Remittance Account will show the details of the amounts paid for each person separately distinguishing between payments for passages and payments for railway fares, and will also mention in connection with debits on account of payments for passages the name of the Steamship Company and the Agent (if any employed) and of the steamer.

10. Reconciliation of the Personal Passage Accounts with the books.—

Statements and Documents will be maintained in Form 95. This

halves of the return tickets.

NOTE 2.—The Audit Officer should see that an officer who has obtained return tickets for any member of his family makes a declaration that the return halves of the tickets have actually been utilized.

When an officer obtains a return ticket either for himself or for any member of his family, an entry should be made in a subsidiary Objection Book which should be opened for this purpose. The item in the Objection Book should be cleared on receipt of the charge report of the officer concerned on his return to duty in India or on the receipt from him either of the unused half of the ticket or of a declaration that the return half has actually been used. There is no need to place any amount under objection.

NOTE 3.—The Audit Officer should arrange to make recoveries from the officers concerned in the following circumstances—

from returning to duty, and

- (c) when an officer who obtains a return passage from the High Commissioner for a short spell of duty prior to retirement does not actually join duty, the entire cost of the return passage, or the cost of the journey to India only, should be recovered according as the return half of the ticket is or is not used.

11. As soon as an authority in Form 91 or a certificate in Form 92 is issued, entries will be made in columns 1 to 3 and 6 to 8 of the register in Form 95. The entry in column 2 will be first the name of the officer and next the names of the members of his family for whom the request is made.

If intimation is received direct or through the High Commissioner as to the non-utilisation of an authority in Form 91 or cancellation of a passage engaged, the fact shall be clearly noted in the register against the entries concerned and also in the remarks column of the Personal Passage Account.

If intimation is received from an officer as to the cancellation of a passage the cost of which has been paid to the Steamship Company or to the Agent of that Company or to a Passenger Agent, the Audit Officer will forthwith apply to the Steamship Company or to the Agent of that company or to the Passenger Agent for a refund and will watch that the amount of refund due is deducted by the Steamship Company or by the Agent of that Company or by the Passenger Agent from their next week's bill.

NOTE.—The above procedure will also be followed in cases in which unused halves of return tickets are returned to the Audit Officer.

12. When a payment is made to the Steamship Company or to the Agent of that Company or to the Passenger Agent, the necessary entries will be made in the register in Form 95 in columns 4, 9, 10, 11 and in the column for the month in which the advance or payment is made.

Payments made by the High Commissioner when communicated through the statement mentioned in Rule 8 or the Remittance Account will be similarly entered in this register, the "Actual payment in rupees" being noted in the column for the month in which the transaction is recorded in the Indian book and the month of the High Commissioner's account being noted in column 1 instead of the voucher number and date.

Officers claiming passages should be asked to intimate the date of embarkation for entry in column 5 of the register as soon as possible after embarkation.

13. Payments for passages, or for a railway journey, if any, should be posted in the Personal Passage Account from the register in Form 95, each posting being initialled by the Superintendent in both registers. The posting of these payments in the Personal Passage Accounts is of the utmost importance, and it is essential that they should be made correctly and without any delay.

14. The refunds, if any, effected in India under the last sub-paragraph of rule 11 above, and similar refunds appearing in the Remittance Account will be posted as *minus* entries in the Register of Sanctions and the Personal Passage Account, and will be treated as *minus* expenditure under the head to which the cost of passage was debited (*see* rule 21 below), unless they relate to passages for which payment was made in previous years, in which case the recoveries should be adjusted as receipts. In the case of such refunds appearing through the Remittance Account, the conversion into rupees will be effected at the rate of exchange which was adopted in the conversion of the original transaction in respect of which the refund is made, the gain or loss by exchange being adjusted as in paragraph 9 above.

NOTE.—For purposes of the adjustment of refunds, the amount due to Government, after deduction of the amount, if any, paid by an officer himself, should be taken into account.

14-A. If an officer who has taken a return ticket under the passage regulations is recalled to duty before the expiry of his leave in circumstances entitling him to a free passage (*vide* F. R. 70) and if he uses the return half of the ticket for his return journey, half the original cost of the return ticket for the double journey should be deducted from the claim, if any, for travelling expenses preferred by him in respect of his return journey, and credited to the head to which the cost of the whole passage was originally debited (*see* Rule 21 below).

The necessary *minus* entries should also be made in the Register of Sanctions and Payments and the Personal Passage Account of the individual officer.

14-B. If an officer, who proceeded on leave out of India and availed himself of passages under the Regulations, dies before the expiry of his

leave, posted to a station other than the station from which he proceeded on leave, and if the cost or a portion of the cost of any sea journey between his old and new stations performed by himself and/or a member of his family was included in the amounts debited to the respective Personal Passage Accounts, such cost (limited to cost at 1st Class B. P. O. rates) or portion thereof will be deducted from the claim for travelling expenses, if admissible under the ordinary travelling allowance rules applicable to him, and credited to the head to which the cost of the original passages was debited. The necessary *minus* entries should also be made in the Register of Sanctions and Payments and the Personal Passage Accounts of the individuals concerned.

15. Any amount forfeited by the officer, as the result of cancelling a passage in circumstances which entitled the Steamship Company to claim such forfeiture, shall be debited to the Passage Account concerned.

16. At the end of each month the postings in the Personal Passage Accounts pertaining to that month should be extracted on a separate sheet which will be attached at the end of the register. The entries in this sheet will have to be agreed with the corresponding entries in column 9 of the Register of Sanctions and Payments.

17. Deleted.

18. *Procedure in cases of transfer.*—When an officer is temporarily transferred outside his own circle of audit, his Personal Passage Accounts will continue to be maintained by his old Audit Officer. But in case of permanent transfer a copy of his accounts and those of his family should be forwarded to the new Audit Officer along with the last pay certificate.

Note 1.—The passage of a vessel which is controlled by one Government includes a post under the

NOTE 2.—The Personal Passage Accounts of all Chaplains of the Church of Scotland attached to regiments are maintained by the Accountant General, Central Revenues [See also note 3 under rule 22(3).]

19. If an authority in Form 91, 92 or 94 has been issued and the officer is permanently transferred to another audit circle before payment on such authority has been made, a copy of such authority should be sent to the new Audit Officer, and the fact that this has been done should be noted across the Register of Sanctions and Payments against the entry or entries concerned. The new Audit Officer will enter such authorities in his Register of Sanctions and Payments, indicating in the remarks column the name of the Audit Officer who actually issued the authority. No further payments will be made or adjusted against such authorities by the Audit Officer who actually issued the authority. He will only pass on to the new Audit Officer for necessary action in accordance with the above instructions all further claims for payment or debits appearing in the Remittance Accounts or other information received in connection with such authorities. If a claim for payment preferred by a Steamship Company or by the Agent of a Company or by a Passenger Agent is passed on to the new Audit Officer in

accordance with this instruction, the fact of having done so should also be intimated to the Steamship Company or to the Agent of that Company or to the Passenger Agent at the same time.

20. *Officers in foreign service.*—In the case of officers in foreign service whose pay is fixed as the pay which they receive from time to time in Government service with or without an addition thereto in the form of a percentage of such pay or a fixed sum, recoveries will be made from the foreign employers at the rate of Rs. 50 per month to meet the cost of passages. These amounts will be credited to the receipt head appertaining to the department which lent the officer to the foreign employer, or where there is no such receipt head, to the minor head 'Collection of payments for services rendered' under the major head 'XXXV—Miscellaneous'.

On the analogy of Article 192, Audit Code, the contributions may be credited to the Government under whom the Government servant is permanently employed at the time of his transfer to foreign service.

The concessions when actually used may be classified in the same way as if the officer had been serving under the Government who received the contributions.

NOTE 1.—In the case of an officer to whom Regulation 8-B in Schedule IV to the Superior Civil Services Rules applies, the foreign employer is not required to make any contribution towards passage.

21. *Head of Account to which cost of passages should be charged.*—The cost of the passages will be charged in the accounts under the head "Allowances, honoraria, etc.", relating to each major or minor head, a separate detailed head "Cost of passages granted under the Superior Civil Services Rules" being opened for the purpose of recording these charges.

22. The rate of foreign service contribution shall be adopted as the basis for assessing the liability of different Governments under whom an officer entitled to passage concessions may be employed, the actual method being as follows:—

- (1) The liability of a Government for the passage of an officer entitled to passage concessions, shall be taken (for the present) at Rs. 50 per month.
- (2) When an officer belonging to one Government is temporarily deputed to service under another, the borrowing Government will be required to pay a contribution to the lending Government, calculated at the rate referred to in Rule 22 (1) above, for the period of service, including leave, rendered by the officer under that Government. The calculation of the total amount payable by the borrowing Government may be made at the end of the service or at the end of the financial year, whichever is earlier, and the adjustment may then be made in one lump sum. The cost of all passages taken by the officer will continue to be borne by the lending Government.

NOTE 1.—The contributions payable should be recorded in the books of the borrowing Government under the head "Contributions for passages of officers transferred to or from other Governments, Departments, etc." to be opened under the primary unit "Grants-in-aid, contributions, etc.," relating to the minor or

sub-head to which the passages would have been debited had the officers been in the permanent employ of that Government, and in the books of the lending Government under the receipt head appertaining to the department from which the officer is deputed, or where there is no such receipt head, under the minor head "Collection of payments for services rendered" under the major head "XXXV—Miscellaneous".

NOTE 2.—In the case of Indian Service Military Officers who are in temporary civil employ, a civil Department or Government is required to make a contribution to the Military Department at the above rate for each officer employed by it for the period during which he is so employed. Payments in respect of officers on whose behalf recoveries are not already being made should start with effect from 1st November 1923.

(3) When a Government servant belonging to one Government is transferred *permanently* to another, the adjustment between the two Governments may be made in accordance with the following rules :—

(a) The Government under which the officer was originally employed will be debited with an amount which is equivalent to the contributions calculated at Rs. 50 per month for the period of service (including leave) rendered by the officer to that Government.

In the case of an officer who was in service on 1st April 1924, the period of service rendered before that date will be neglected for the purpose of the above calculation.

NOTE.—The expression "period of service" in this clause includes any period of service under another Government in respect of which contribution has been received.

(b) That Government will be credited with an amount representing the cost of passages already taken by the officer while serving under it.

If (a) exceeds (b), the difference will be credited by the original Government to the second Government, and, conversely, if (b) exceeds (a), the difference will be debited by the original Government.

NOTE 1.—The amount of difference should be adjusted under the detailed head "Contributions for

the major head "XXXV—Miscellaneous"

NOTE 2.—An officer cannot be considered to have been transferred permanently from one Government to another until he is confirmed in a permanent post other than a tenure post under the latter Government.

NOTE 3.—Chaplains of the Church of Scotland attached to regiments are treated for the purpose of this rule as temporarily lent to the Army Department. See also note 2 under rule 14.

The cost of passages taken by the officer after the date of transfer will be charged to the second Government.

The above procedure will apply *mutatis mutandis* to adjustments between non-commercial and commercial Departments within the same Government, and also to adjustments within the Central Accounts between Civil and Military: provided that, in accordance with the note under Rule 5 of Appendix 10-A to this Code, the recoveries in these cases should be taken in reduction of expenditure, and not as revenue.

APPENDIX 17.

(See Art. 192-F.)

Rules for the Exhibition of losses in the Government Accounts and in the Appropriation Accounts.

SECTION I.—RULES FOR THE GUIDANCE OF THE EXECUTIVE OFFICERS.

I. *Budgeting*.—Provision for losses should not ordinarily be made in the budget. If, however, the nature of the work of a department is such that some losses must be regarded as inevitable each year, provision may be made, with the special sanction of the Finance Department in each case.

II. *Report of losses*.—With the exceptions noted below, any defalcation or loss of public money, departmental revenue or receipts, stamps, opium, stores, or other property, discovered in a Government treasury or other office or department, which is under the audit of the Accountant General, should be immediately reported to the Accountant General, even when such loss has been made good by the person responsible for it. It will usually be sufficient if the officer reporting the defalcation or loss to higher authority sends to the Accountant General either a copy of his report or such relevant extracts from it as are sufficient to explain the exact nature of the defalcation or loss and the circumstances which made it possible. When the matter has been fully investigated, a further and complete report should be submitted of the nature and extent of the loss, showing the errors or neglect of rules by which such loss was rendered possible, and the prospects of effecting a recovery. The submission of such report does not debar the local authorities from taking any further action which may be deemed necessary.

Exception 1.—In the case of Customs Revenue, (a) mistakes in assessments which are discovered too late to permit of a supplementary claim being made and (b) under-assessments which are due to the interpretation of the law by the local Customs authority being overruled by higher authority more than three months after the assessment was made need not be reported to the Audit Officer. Such cases should, however, be examined by the Audit Officer at the time of audit.

Exception 2.—Petty cases, that is, cases involving losses not exceeding Rs. 200 each, need not be reported to the Accountant General unless there are, in any case, important features which merit detailed investigation and consideration.

NOTE 1.—Losses or deficiencies concerning buildings, lands, stores and equipment should be written off any value or commercial account that may be maintained.

NOTE 2.—In the case of departments where accounts have been separated from audit, a special procedure for report of losses to Accounts and Audit officers may be prescribed by departmental authority after consultation with the Auditor General.

III. Heads of departments should submit annually to the Principal Auditors concerned statements showing the extra-statutory remissions of revenue and abandonments of claims to revenue sanctioned during the preceding year. For inclusion in these statements, remissions and abandonments

should be classified broadly with reference to the grounds on which they were sanctioned, and a total figure should be given for each class. A brief explanation of the circumstances leading to the remission should be added in the case of each class.

NOTE 1.—A local Government may make rules defining remissions and abandonments of revenue for the purpose of this rule, and may, after consultation with its Public Accounts Committee, fix monetary limits below which individual remissions need not be included in the statements.

NOTE 2.—Where the administrative year does not coincide with the financial year, the figures of the former may, if this prove convenient to the departmental authorities, be given in the statements.

NOTE 3.—This rule does not apply to Railways and Indian Posts and Telegraphs Departments, *vide* also Note to Rule III of Section II B.

SECTION II.—RULES FOR THE GUIDANCE OF THE ACCOUNTING AND AUDIT OFFICERS.

A—Initial Accounts.

1. *Receipts.*—(a) If a claim be relinquished, it is not to be recorded on the expenditure side as a specific loss.

(b) If, however, money due to Government has actually reached a Government servant and is then embezzled, stolen or lost, even though it may not have reached the treasury and thus have passed into the Government account, it should be brought into the Government account as a receipt and then shown on the expenditure side by record under a separate head as a loss.

NOTE 1.—Where losses of public money are discovered, the accounting department authorised to investigate the balance of the claim should alone be held responsible for the loss, as if they had been drawn as a claim.

NOTE 2.—The term 'Government servant' used in this rule includes persons who, though not technically borne on a regular Government establishment, are duly authorised to receive money on behalf of Government.

II. *Buildings, lands, stores and equipment.*—Losses or deficiencies need not be recorded under a separate head in the accounts, though they should be written off any value or commercial account that may be maintained. If any transactions under these categories are recorded under a suspense head in the Government accounts, losses or deficiencies relating thereto must be written off the suspense heads also.

III. *Cash in hand, whether in treasuries or as imprest with Government servants.*—All losses or deficiencies should be recorded under separate heads in the accounts.

NOTE 1.—The acceptance of counterfeit coins or notes is regarded as a loss of cash.

NOTE 2.—Any recovery made in the course of the year in which the losses are brought to account is to be shown by deduction from the head under which the loss is recorded. Any recovery made after the accounts of the year are closed shall be shown as an item of receipt.

IV. *Irregular or unusual payments* should be recorded in the account with general reference to the ordinary rules of classification according to the nature of the expenditure; for example, an overpayment of pay will be debited to the head "Pay". Similarly, an excess payment for bricks manufactured will be debited to the work for which the bricks are used. It is only when

special heads exist in the accounts for recording such charges as compensations for damages, irrecoverable temporary loans written off and the like, that unusual or extraordinary payments will be separately recorded.

V. Where losses are an inevitable feature of the working of a particular department, the major head of account under which the expenditure of that department is recorded should contain separate descriptive heads under which

B.—Appropriation Accounts.

(i) Delete Rule I.

(ii) For Rule II substitute the following as Rule I, retaining the existing Note—

I. All losses or deficiencies of an important or unusual character relating to the particular Appropriation Accounts should be mentioned in the notes at the end of the Appropriation Accounts, irrespective of whether the loss or deficiency is actually charged off in those Accounts or not; provided that in individual cases of losses under the main revenue heads shall not be mentioned in those notes unless the statements of remissions and abandonments of claims to revenue which are submitted to the audit officer under Rule III in Section I suggest the desirability of offering general remarks on the subject.

(iii) Renumber Rule III as Rule II.

thereon, *vide* Appendix 10.

NOTE.—All important cases of remissions and abandonments of claims to revenue in the Railways and Indian Posts and Telegraphs Departments above a certain fairly high monetary limit to be fixed by administrative authority should be mentioned individually in the report on Appropriation Accounts.

SECTION III.—AUDIT PROCEDURE.

The submission of the returns mentioned in Rule III of Section I of these rules does not in itself connote any extension of the powers of the Audit Department for the audit of receipts. The Accountant General will not audit the exercise of the power of sanctioning writes-off by various authorities as indicated in the returns without a specific order under Rule 12 of the Auditor Generals Rules.

* Name of the month for which wages have been earned. To facilitate audit, when a sanction is noted, a line should be drawn through the spaces for all the months prior and subsequent to the period covered by the sanction.

† Entries should be made briefly, e.g., Voucher 24 for July will be entered as 24-7.

‡ Amounts paid should be entered in black ink, and unpaid amounts or fines in red ink, the entries for fines being distinguished by the letter F. Subsequent payments of unpaid amounts should be entered underneath in black ink, it being seen that they do not exceed the amounts available, as entered in red ink. Claims for arrears not included in the original claims for the month concerned should ordinarily not be admitted without full explanation of the circumstances under which they were omitted.
